DESCRIPTION

Bike guided tour to Nafplio, Dimitsana, Olympia, Lampei and Kalavrita. And Athens Add-on.

Lonely Planet named the Peloponnese peninsula the **#1 European destination** in 2016. No one comes to Greece without paying homage to at least one ancient ruin, and some of Greece’s most legendary sacred sites lie right in the Peloponnese. Outside magazine named our Sacred Sites tour one of the **“6 Best Cycling Tours in Europe.”**

Extensive biking enables you to visit a series of archaeology sites. You bike to the 3rd century BC Epidavros Theatre which once was the largest healing center in the ancient world. You also bike to Mycenae where King Agamemnon ruled who launched the Trojan War. It’s a thrill for the inner athlete in every cyclist to bike to Olympia home of the original Olympic Games.

Nature predominates on this tour that crosses the Arcadian Mountains where traditional villages steeped in local culture abound. Many say the Peloponnese is the true Greece. Come judge for yourself!

We recommend you take the **Athens Add-On** which precedes the tour. You will immerse yourself in the culture of Athens and Attica region with exciting activities: Historic Central Athens bike tour (90% traffic free), Acropolis & Acropolis Museum with professional guide, Temple of Poseidon coastal cycling, Attica wine tasting, Temple of Artemis.

Day 1: Nafplio

A World Heritage Site on your first cycling day in Greece! Bike to 3rd century BC Epidavros Theatre, Greece largest ancient theater seating 15,000 with impeccable acoustics. Coast down to elegant Nafplio, modern Greece's first capita and the prettiest city in the Peloponnese. **89.70 km, 55.40 miles**

Day 2: Nafplio

Your second biking day in Greece takes you to a second sacred site. Bike directly to Ancient Mycenae, home of King Agamemnon who launched the Trojan War. In Nafplio, experience the famous Nemean wine varieties, climbing 999 steps to Palamidi Fortress, visit local artisan shops. **43 km, 26 miles**

Day 3: Dimitsana

Nafplio to Dimitsana is the hardest cycling route of the entire tour. It is also the most rewarding as you climb into the Arcadia Mountains and experience traditional local mountain villages, such as, in the little town of Dimitsana with its red tiled roofs seated along the Lousios Gorge. **103 km, 64.50 miles**

Day 4: Olympia

From Dimitsana to Olympia there's a thrilling descent hugging the Lousios Gorge. You are now leaving the Arcadia Mountains to lower elevations. The biking route is flatter but with several hills too. At the end, before you know it, you are cycling past the ancient Olympic Stadium. **76 km, 50 miles**

Day 5: Lampeia

Morning tour of ancient Olympic. A professional guide makes the site come alive. Its Temple of Zeus was one of the Seven Wonders of the Ancient World. Afternoon biking returns to the mountains, traditional villages, goat herds, gushing water sources. **42.25 km, 26 miles**

Day 6: Kalavrita

Deep cycling in mountain territory, mostly following a ridge with 1-2 steep ascents and descents to make the ride entertaining. The day's highlight is Cave of the Lakes, a series of subterranean lakes inside a huge cave. Enjoy Kalavrita, a charming mountain village full of tradition. **74.50 km, 46 miles**

Day 7: Athens

The last cycling day has many miles, but the route is mostly downhill and flat hugging the Corinth Gulf coast. We end up at Loutraki Bay at the sea for swimming and a farewell dinner at fresh fish taverna. Vehicle transfer to Athens or Athens Airport Sofitel Hotel for those with flights early next morning. **118 km, 73 miles**
